

# South Wales and South West England Employment Bulletin

career  
transition  
partnership

The Ministry of Defence  
working with  
Right Management

February 2012

## Welcome to the Employment Bulletin

On behalf of the Career Transition Partnership (CTP), welcome to the South Wales & South West England region Employment Bulletin. It will provide you with the latest jobs and business news from across the area. It will also highlight the latest vacancies on **RightJob**.

Here is a selection of the latest vacancies on **RightJob** in the region. Please log on to **RightJob** to view the full details of any of these jobs. There is a Quick job search box on the home page, which allows you to search for vacancies using the unique Job ID number shown.

Your login details should have already been issued to you, but if you have any difficulties, please contact the Central Employment Team on 0121 236 0058.

**IF A POSITION HAS CLOSED AND YOU'D STILL LIKE TO APPLY,  
PLEASE CALL YOUR LOCAL EMPLOYMENT CONSULTANT**

## Regional Business News

A brief round-up of all the most important stories of business information for the South Wales and South West England regions

**Cardiff Airport** will be included in an extended St Athan Enterprise Zone. Two of the five initial enterprise zones are in south east Wales – at St Athan and the Cardiff Central Business District. In south west Wales there will be another at the Haven Waterway in Pembrokeshire.

**Contracts** have been awarded for the Welsh Government's £17m Business Start-Up service, which could create 6,500 new jobs in the next three years.

The scheme will help to establish 2,000 new-growth businesses across Wales.

**Green Investment Bank** – a robust bid to make Cardiff the home of the new Green Investment Bank has been submitted by the Welsh Government.

Wales has already attracted a significant number of internationally known businesses with strong green economic credentials and investment in Cardiff, which has transformed the city and Cardiff Bay into one of the most exciting and dynamic capital cities in Europe. The bank would have a guaranteed £3bn from the Treasury as initial capital.

**Jobless number in Wales** – The number of people out of work in Wales stood at 130,000 during the previous three months.

According to unemployment data 9% of 16 to 64 year olds are unemployed in Wales. This compares to 8.6% across the rest of the UK. Overall the number of jobless is reducing, however the number of jobless 18 to 24 year olds has increased to 13% a total of 26,200.

**Solar Panel installations** – More than 2,000 families in south Wales have had their electricity bills slashed due to an £8m solar panel installation project across the region. The regions of Cardiff, Swansea, Newport and south Wales Valleys social housing tenants have benefited. Confusion regarding the feed-in-tariffs has slowed down expansion with the rate set to be reduced from 43p to 21p from March 2012.

**Service leavers** looking to gain employment in this market must gain the MCS (Microgeneration Certification Scheme) in order to become a qualified PV installer. However, there are more than 2,000 registered MCS qualified engineers in Wales already.

The majority although qualified, don't have enough work to rely on this business alone.

**More than 100 major UK businesses** have signed up to a government initiative that proposes asking for CVs without the name or the school details of candidates in order to remove the risk of discrimination during the application process. Firms such as Tesco, Barclays and Coca-Cola have agreed to the Government's Business Compact, which requires them to recruit "fairly and without discrimination" by using application forms that don't allow candidates to be screened out due to the school they went to or their ethnicity.

The agreement adds that this could be done through "name-blank" and "school-blank" applications, as both of these fields could result in the candidate facing discrimination during the hiring process.

Other elements of the agreement include advertising work experience placements to people of different backgrounds online and in schools, instead of giving places to "informal contacts", and providing financial support or paying the national minimum wage to interns.

### Cornwall Unemployment News

The number of unemployed people in Cornwall has risen slightly by 589, representing 3.1% of the working population (ONS). More people are turning to starting up their own business, with the number of start up business growing by more than 20% in the past 2 years. These small businesses are potentially the large employers of tomorrow.

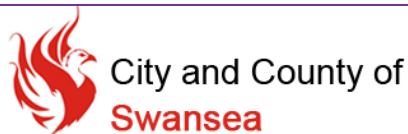

## Job Losses in the region

**Armed Forces** facing an additional 4,200 job losses in new MoD cuts. Including 400 Gurkhas, the army will lose up to 2,900 soldiers, the RAF 1,000 and the RN 300. These redundancies will exacerbate the problems for service leavers returning to Wales due to the already tough job market.

**Lloyds Banking Group** in Wales has announced plans to axe 200 jobs as part of a major reorganisation. Cardiff will see 170 job losses, 20 in Newport, the remainder in Swansea.

**Swansea Council** has shed 400 jobs since 2009 saving an estimated £10m. The authority has warned that another 100 posts will have to go in the next financial year – April 2012 onwards

**Peacocks Group** the Welsh based clothing group has gone into administration. Peacocks employs around 1,000 people in south Wales with many more across the UK. Although the company made an operating profit of £27m last year, its underlying debts in excess of £400m, which were inherited during a management buyout in 2006, and has been unable to re-finance, has resulted in

administration. There are currently four major bidders for the group. Over 200 head office staff based in Cardiff have already left the company.

WE ARE  
MACMILLAN  
CANCER SUPPORT

**Bonmarché** which was part of the **Peacocks Group** also went into administration. An immediate buy-out by private equity group Sun European Partners has saved the company, however there is still a threat of 1,400 redundancies.

## Job creations in the region

### The co-operative

The Co-operative Group is to recruit 800 new apprentices this year, twice as many as in 2011. They will be based in one of its businesses ranging from food and pharmacy to farming and funerals. The company's £9m apprenticeship academy is on track to provide 2,000 places for young people by 2014. It is not clear how many opportunities will be based in Wales.

**Gardner**

your freight, transport and logistics partner for the UK and Europe

**Gardner European Ltd** in Plymouth are continuing to offer work attachments to service leavers who are still serving and who wish to take up the opportunity of a work trial as Class 2 (C) Drivers. Must be aged 25 plus and live in Plymouth area only at this time – possible that this will expand to other areas in the future. Experience of Tail lifts and Curtains would be an advantage as would a driver digicard. The main purpose of the job for which they are offering training is to deliver and collect pallets of goods within Devon and Cornwall on a daily basis. Information towards obtaining your Driver CPC and/ or ADR will be given if required. If you would be interested in taking up this offer, meet the criteria above and are still able to arrange a work trial through resettlement, please send your CV to [jlucas@ctp.org.uk](mailto:jlucas@ctp.org.uk) (Jo Lucas, EC Plymouth) asap mentioning Gardner work trial in your covering email.

[www.gardnereuropean.com](http://www.gardnereuropean.com)

St Austell  
Printing Company Ltd

**The St Austell Printing Company** has won £3 million EU Convergence backing for its £6 million expansion development. The St Austell Printing Company's new flagship building at the St Austell Enterprise Park, and the firm, which has around 35 staff, says that the building – and an additional speculative workspace planned to attract other businesses – will create more than 60 jobs within four years.

[www.sapc.co.uk](http://www.sapc.co.uk)

trusted to deliver™

**Babcock** sees the economic climate as providing opportunities to grab work from customers. The defence giant, the UK's leading engineering support services company, said it is tracking a "significant number" of new outsourcing programmes and discussions are ongoing with major customers about plans for future outsourcing opportunities. In an interim management statement, Babcock International Group PLC has reported that trading conditions remain "positive". Babcock are working with the CTP and has a live vacancy on the Right Job website at the moment – refer 34198685021. [www.babcock.co.uk](http://www.babcock.co.uk)

**MVV Environment Devonport Limited** was issued with the planning decision notice on Friday, Plymouth City Council has confirmed. German energy giant MVV will begin work as early as this Spring on the 245,000-tonne energy-from-waste plant at Devonport Dockyard's North Yard. The incinerator still needs to gain an operational licence from the Environment Agency before it begins operating, scheduled to be in November 2014. More information can be found at this link:

<http://www.mvv-environment.co.uk/environment/web/de/projects/staringprojects/projectswdwp/faqs/09faq.jsp>

PERFORMANCE  
THROUGH PEOPLE  
**BUSINESS**

**Cornwall College Business** is hosting a free seminar next month for people working in the construction industry wanting to know more about the renewable energy sector. The two-hour event on March 7 will be held in Cornwall College St Austell's Skill's Centre. The event is designed to give builders, plumbers and electricians access to the knowledge and qualifications they need to install solar panels and other renewable technologies. Cornwall College Business will be highlighting the need for skills in installing renewable energy technologies. Delegates who attend the event will be offered a contribution of up to £500 to help pay for the cost of their training, subject to funding eligibility. For more information and to book your place please go to this link:

[http://www.cornwall.ac.uk/business/index.php?page=Bespoke\\_Training&id=2696](http://www.cornwall.ac.uk/business/index.php?page=Bespoke_Training&id=2696)

**Research Instruments Ltd (UK)** are opening a new high tech manufacturing site on Bickland Industrial Park. Specialising in the design and manufacture of medical devices for the field of IVF they are now looking to expand their staff to meet the increased demand. [www.research-instruments.com](http://www.research-instruments.com)

**SkyPark Work** has started on an energy centre in Devon to provide heat for businesses and homes in Exeter. The £3m centre will be built at Skypark, a £210m businesses park currently being developed. The energy hub, fuelled by biomass and gas, is designed to use turbines to create heat for Skypark businesses and 2,900 homes in Cranbrook, an eco-town. It is hoped the centre will be completed by September. Skypark and Cranbrook are both part of the Exeter Growth Point - a vision to build sustainable communities in Exeter and East Devon with the aim of providing skilled employment opportunities for residents. It is anticipated that, over the next 15 to 20 years, it will provide more than 25,000 jobs. [www.skyparkexeter.com](http://www.skyparkexeter.com)

**Space Engineering** is a Nationwide Refrigeration and HVAC company with their H/O based in Bristol. They are offering "Civilian I Work Attachments" for Service Leavers undergoing resettlement with the CTP who have experience within Refrigeration, HVAC, Mechanical and Electrical Engineering. Ideally with or working towards the 17th edition and 2079 F-Gas qualifications.

Space has opportunities for Service leavers across the UK to work from 1 – 4 weeks using their GRT. You will get hands on

civilian work experience on some of the largest contracts such as Tesco, M&S, Coco Cola, Sainsbury's etc. They deliver award winning nationwide excellence in refrigeration, HVAC, mechanical and electrical, energy services, facilities management and service and compliance, to a wide range of business customers.

Space Engineering will soon be working in partnership with a Gas Safe training organisation. This will mean all CWAs will be guaranteed a placement to enable them to complete their portfolio to enable them to qualify. Space Engineering will guide Service leavers to ensure the portfolio meets the required standards.

Please email Placement to [CTP@space-engineering.co.uk](mailto:CTP@space-engineering.co.uk) and complete the form from the auto reply and follow instructions.

**The New Zealand Defence Force** will conduct a recruitment presentations in Plymouth & Tidworth for Service leavers from the Army and Navy who may be interested in potentially joining the New Zealand Defence Force (Air are not currently looking for Overseas recruits).

**Plymouth 23<sup>rd</sup> March Tel:** 01752 553376/553393

**Tidworth 27<sup>th</sup> March Tel:** 01980 603164

**Mitie** provide facilities, property and asset management for some of the biggest public and private sector businesses.

A UK FTSE 250 business with ambition to get into the FTSE 100 - have grown their revenue, profit and earnings per share for over 23 consecutive years. The result? Revenues in excess of £1.8bn and a reputation for being the best.

What makes them different? Their people. They know a lot of companies say that, but none of them mean it more than Mitie. They have 61,000+ talented and driven people, delivering world-class services, that keep them ahead of the competition.

RightJob has 3 vacancies currently with many more to follow. They wish to recruit ambitious service leavers...

Store Support Manager – Bristol – **34198684927**

Store Support Manager – Cornwall - **34198684930**

Depot Manager – Harlow, Essex – **34198684889**

**G4S – security for the Olympics** This opportunity is open to anyone, as they provide all the training you'll need to succeed, including security industry qualifications. Experience is beneficial but as long as you can remain calm under pressure, think quickly on your feet, and are good with people, they would like to hear from you. In addition you should have:

- The ability to demonstrate experience delivering customer service
- A good standard of verbal and written English communications (ideally you will already hold a GCSE A-C or an NVQ level 2 or above)
- Eligibility to work in the UK
- 5 year verifiable work/educational history

- The ability to work shifts. Working as a Security Officer means you'll need to commit to training and be available for work throughout the games, as you'll play a vital role in keeping everyone safe and secure.

### **Avon and Somerset Police Authority and Constabulary**

has been granted permission by the Home Office and HM Treasury to appoint Blue Light Partnership consortium as their PFI partner.

An allocation of up to £129m of PFI Credits will be made by HM Treasury in order to deliver this ambitious programme of investment. Through the partnership with Blue Light, Avon and Somerset Police anticipate achieving substantial savings from this approved amount. Over the life of the contract savings of over £60m are expected.

Led by Bilfinger Berger Project Investments and comprising Miller Construction and Cofely, the consortium will design, build, finance and operate a new operational base, two custody and crime investigation centres, two police stations and a tri-force firearms training centre. An allocation of over £129million of PFI credits will be made by HM Treasury in order to deliver this ambitious programme.

The new Somerset operations base will be located at Express Park, Bridgwater and two custody and crime investigation centres will be built at 90 Gloucester Road, Patchway, and Ashmead Road, Keynsham. This increased capacity to hold criminals will support Avon and Somerset Police's drive to protect local communities by improving the detection of crimes and bringing more offenders to justice. The new facilities will provide comfortable and discrete units for victims and witnesses of crime and a flexible, modern, sustainable working environment for our staff.
