

Are you planning a career in Health & Safety?

NEBOSH General Certificate in Occupational Health and Safety

A qualification for job roles with first line management responsibility for Health & Safety, taking place at various CTP locations across the UK

- ✓ The most widely held Health and Safety qualification in the UK.
- ✓ 2014 NEBOSH survey found that 98% of respondents would recommend the qualification to others.
- ✓ Successful students eligible for Associate membership of the Institute of Health and Safety (IOSH).
- ✓ Enhanced Learning Credits can be used.

Who is the course for?

- ♦ Managers, supervisors and staff who need a broad understanding of Health and safety issues. The certificate helps individuals to manage workplace risks effectively.
- ♦ The course is suitable for all Service personnel, but is particularly suitable for those with supervisory experience or responsibilities in a Health and Safety environment.

Course Structure

The course provides the underpinning knowledge of Health and Safety related topics and teaches the skills and techniques through which Health and Safety procedures are implemented in the workplace. Principal subject areas include:

- ♦ The foundations, policy and organising of Health and Safety in the workplace.
- ♦ Promoting a Health and Safety culture, risk assessment and principles of control.
- ♦ Movement of people and vehicles, manual and mechanical handling.
- ♦ Work equipment, electrical, fire, construction, chemical and biological hazards
- ♦ Physical and psychological hazards, incident investigation, monitoring and review.

The course is assessed via two 2 hour written examinations and a workshop based practical examination.

What support will I receive?

- ◆ A 15 day classroom based course supplemented by directed study and background preparatory reading during the course.
- ◆ All students are issued with the supporting textbook 'RRC International NEBOSH National General Certificate in Occupational Health and Safety'
- ◆ Revision guide available to assist with exam preparation.

Further Study

NEBOSH provide a wide variety of sector specific certificates and qualifications that students may consider. NEBOSH and other Health & Safety courses offered by CTP include:

- ◆ NEBOSH National Certificate in Environmental Management
- ◆ NEBOSH National Certificate in Fire Safety and Risk Management
- ◆ NEBOSH National Certificate in Construction Health and Safety
- ◆ Health and Safety Lead Auditor (OHSAS 18001)

Employment Opportunities

This qualification is widely recognised and can be used to obtain first line management Health and Safety roles across a wide range of industry sectors. The course has been mapped to the National Occupational Standards in Health and Safety, which makes the skills set obtained very transferable.

Course Fees and How to Fund

The course is Non-Contract Funded and therefore Service leavers are required to fund the course before attendance.

15 day course	£983.08
Exam Fees:	£152.60
<hr/>	
Total cost:	£1,135.68

CTP offers a range of NEBOSH courses to suit an individual's employment needs. These individual courses can be combined as required and put on one ELCAS Claim Authorisation Note (CAN) as permitted by MOD policy. This has TESRR approval for those in resettlement.

You can combine some of your grants to pay for courses; for advice on funding, please speak to your Service Resettlement Advisor.

The cost of the course is to be **paid direct to** the Course Booking & Information Centre in advance as soon as possible after course booking or your place maybe re-allocated. Payment is to be made by credit/debit card over the phone.
