

## Would you like a career in Health and Safety?

### NEBOSH Certificate in Environmental Management

- ✓ Two thirds of Health and Safety roles include Environmental Management responsibilities
- ✓ 2014 NEBOSH survey found that over 97% of students would recommend the qualifications to others
- ✓ Recognised by the Chartered Institution of Water and Environmental Management as meeting the requirements for technical membership (TechCIWEM)
- ✓ Qualification mapped to relevant National Occupational Standards (NOS)

## Who is the course for?

- ◆ The course is suitable for all Service leavers, but is particularly suitable for those with supervisory experience or responsibilities in a Health and Safety environment.
- ◆ Previous environmental management experience is not required.
- ◆ Aimed at managers, supervisors and employees with responsibility for managing environmental issues in their day to day work.

## Course Structure

The course covers the practical issues involved in the management of environmental risk. Based on best practice and international industry standards, the syllabus takes a risk management approach to the subject.

The course includes:

- ◆ Environmental Management Systems and Impact Assessments
- ◆ Sources and use of energy and energy efficiency
- ◆ Control of pollution
- ◆ Planning for and dealing with environmental emergencies

The course is assessed via 2 units:

EC1: Management and Control of Environment Hazards (Two hour written exam)

EC2: Environmental Practical Application

# What support will I receive?

The course will be 6 days of classroom based learning supplemented by directed study and background preparatory reading during the course.

All students are issued with a copy of the supporting textbook 'RRC International NEBOSH Certificate in Environmental Management'

## Further Study

CTP also offers other NEBOSH and related Health and Safety courses including:

- ◆ NEBOSH National General Certificate
- ◆ NEBOSH National Certificate in Fire Safety and Risk Management
- ◆ NEBOSH National Certificate in Construction Health and Safety
- ◆ Health and Safety Lead Auditor (OHSAS 18001)

Students could also consider studying NEBOSH Diploma level qualifications to deepen their Health and Safety knowledge further.

## Employment Opportunities

NEBOSH certificates are widely recognised and can be used to obtain first line management Health and Safety roles across a wide range of industry sectors.

## Course Fees and How to Fund

This course is Non-Contract funded and Service leavers are therefore required to fund the course before attendance.

Course Cost (6 days):	£840.00
Exam Fees:	£100.80
<hr/>	
Total cost:	£940.80

CTP offers a range of NEBOSH courses to suit an individual's employment needs. These individual courses can be combined as required and put on one ELCAS Claim Authorisation Note (CAN) as permitted by MOD policy. This has TESRR approval for those in resettlement.

You can combine some of your grants to pay for courses; for advice on funding, please speak to your Service Resettlement Advisor.

The cost of the course is to be **paid direct** to the Course Booking and Information Centre in advance as soon as possible after the course booking or your place maybe re-allocated. Payment is to be made by credit/debit card over the phone.
