

**Will you be responsible for Health and Safety or Fire Safety
and Risk Assessments in the workplace?**

NEBOSH Certificate in Fire Safety and Risk Management

- ✓ A nationally recognised NEBOSH qualification taught by highly qualified and experienced instructors
- ✓ This 5 day course provides an understanding of practical fire safety issues
- ✓ Gain a knowledge of the legal obligations surrounding Health & Safety
- ✓ Attendees will gain the practical skills to be able to produce Fire risk assessments for the workplace

Who is the course for?

- ✓ The NEBOSH Fire Safety and Risk Management Certificate is for any Supervisors, Managers or Health and Safety professionals who have responsibility for Fire Safety and producing Fire Risk Assessments in the workplace
- ✓ It is suitable for any Service leaver training towards a future career in Health and Safety
- ✓ All those who have successfully completed the NEBOSH General Certificate are able to attend the NEBOSH Fire Safety and Risk Management course

Course Structure

The course covers the practical issues involved in the management of fire safety in the workplace, and in particular the legal requirements surrounding fire safety. The course will equip attendees to undertake fire risk assessments in most low risk workplace environments

The course includes:

- ✓ Managing Fire Safety
- ✓ Principles of fire and explosion
- ✓ Causes and prevention of fires
- ✓ Fire protection in buildings
- ✓ Safety of people in the event of fire
- ✓ Fire Safety Risk Assessment

The course is assessed via 2 units:

- | | |
|--------------------------------------|--|
| FC1: Fire safety and Risk Management | (2 Hour written exam) |
| FC2: Practical Fire Risk Assessment | (Workplace based risk assessment exam) |

What support will I receive?

The course will be 5 days of classroom based learning supplemented by directed study and background preparatory reading during the course.

Attendees will undertake an inspection of fire risks in a workplace and prepare a report

All students are issued with a copy of the supporting textbook 'RRC International NEBOSH National Certificate in Fire Safety and Risk Management

Further Study

CTP also offers other NEBOSH and related Health and Safety courses including:

- ◆ NEBOSH National General Certificate
- ◆ NEBOSH National Certificate in Construction
- ◆ NEBOSH Certificate in Environmental Management
- ◆ Health and Safety Lead Auditor (OHSAS 18001)

Students could also consider studying NEBOSH Diploma level qualifications to deepen their Health and Safety knowledge further.

Employment Opportunities

- ◆ All companies with more than five Employees must have a designated competent person for Health and Safety
- ◆ This training will benefit any Managers or Supervisors who have responsibility for Fire Safety, and producing fire safety risk assessments in the workplace
- ◆ NEBOSH Certificates are widely recognised and are often an entry requirement for any Health and Safety roles in a workplace.

Course Fees and How to Fund

The course is Non-Contract Funded and therefore Service leavers are required to fund the course before attendance.

Course Cost:	£ 540.20
Exam Fees:	£ 79.00
<hr/>	
Total cost:	£ 619.20

CTP offers a range of NEBOSH courses to suit an individual's employment needs. These individual courses can be combined as required and put on one ELCAS Claim Authorisation Note (CAN) as permitted by MOD policy. This has TESRR approval for those in resettlement.

You can combine some of your grants to pay for courses; for advice on funding, please speak to your Service Resettlement Advisor.

The cost of the course is to be **paid direct** to the Course Booking & Information Centre in advance as soon as possible after course booking or your place maybe re-allocated. Payment is to be made by credit/debit card over the phone.
