

# Employment Bulletin

## North East/Yorkshire September 2016

On behalf of the Career Transition Partnership (CTP), welcome to the North East and Yorkshire Employment Bulletin, which will provide you with the latest jobs and business news from across the region and highlights a selection of the latest regional vacancies on our job site, [RightJob](#).

In addition to this bulletin, there are plenty of other resources available to assist you in your job search: the monthly [Focus e-newsletter](#) provides job-finding, resettlement and training news via email, our bespoke [Industry Sector Guides](#) are regularly updated with the latest industry news, and the [CTP website](#) is full of useful tips, advice and dedicated [employer microsites](#), where you will find information from a range of companies with ongoing opportunities for ex-military personnel.

### Regional Overview

The North East/Yorkshire region is a huge geographical area covering a number of counties and large cities. Leeds is now the fastest growing city in the UK, and the largest Centre outside London for financial and business services with First Direct, Direct Line Group and Yorkshire Bank to name but a few. Construction in Leeds is powering on as new office space and residential developments hit a nine year high. York is no longer relying upon its railway and confectionery-manufacturing but is now developing in to an international destination and hub for science and technology. The North East is no longer dominated by collieries, and pit heaps have been reclaimed and naturalised in to landscapes to pave the way for companies such as Nissan, Arriva and Hitachi Rail not to forget the presence of business parks solely to house large call centres.

The area as a whole has some of the biggest employers including Capita, Arriva, Network Rail, Northern Rail and Nissan. In 2015, employment grew faster in the North than the South and by the end of 2015, the employment rate in the North was at its highest on record, at 72.2% [HM Treasury Budget 2016].

Each of these areas has its own varying set of employment factors which you need to take into account when job searching. Therefore, it is beneficial for you to keep up-to-date with local business news and sign up with local job search websites to get relevant, up-to-date information to aid you in your search for employment.

## Regional Job Market News

Expansions | New businesses | Market growth | Upcoming opportunities | Closures | Risks

### Do you want to be your own boss?

---

The Supporting the Unsung Hero Dependants' Business Start-Up Programme has been developed specifically for Armed Forces families to provide them with the transferable skills and support required to start and maintain a business that will not be restricted to a geographical area, allowing families to become more financially stable and break the cycle of being unable to work.

We aim to make the course as relaxed and as much fun as possible and encourage the group to support each other throughout the programme. With the support of the group it is hoped that you will not feel that you are on your own setting up your business. The 10 month business training and mentoring support programme is available to the Dependants' of Armed Forces personnel, Veterans and Reservists from all three services at no cost regardless of location as it is funded by HSBC.

### Construction firm aims for record turnover after 6 figure investment to boost output

---

A North East construction company is aiming for record revenues after a six-figure investment in new machinery it believes will boost output by more than a third.

Since the beginning of the new financial year in April, Raisco, based in Newton Aycliffe, has secured £4.3m of new orders while bagging £1m in sales, leaving the firm well-placed to beat the previous year's turnover of £5.4m - and potentially to surpass its best ever figure of £7.5m.

To deal with the new work while providing the capacity for further growth, it has invested in a CNC saw and drill line, a 24-metre automated in-feed facility that will enable it to cut 1,200mm-wide steel beams and speed up the fabrication process.

The new CNC line will also enable Raisco to create more jobs. [Read more](#)

### Newton Aycliffe's Hitachi Rail Europe secures new rolling stock order

---

Hitachi Rail has secured a new deal to provide rolling stock.

Hitachi Rail Europe says Great Western Railway (GWR) has ordered seven intercity express trains.

The agreement, described by bosses as a multi-million pound contract, follows a previous deal to make 29 trains for the west of England.

Bosses told The Northern Echo the rolling stock will be made at Hitachi's Pistoia plant, in Italy, as its flagship Newton Aycliffe factory ramps up work on scores of trains for English and Scottish lines.

## Wynyard Park company says John Lewis deal could be rolled out across all customers

---

Clipper using a North-East port to transfer goods for customers says it is primed to take advantage of the rising demand for click and collect services.

Clipper says shoppers' clamour for goods at any hour on any day gives it a fresh market opening.

The business, which operates a factory at Wynyard Park, near Billingham, Stockton, has already signed a deal with John Lewis to start delivering items across its Waitrose supermarket later this year.

Bosses say they now aim to roll out the service across its entire customer base, which includes clothing retailers Zara, Haddad and Pep&Co.

## Company looks to build on move to Formula One heartland

---

AN electric vehicle parts maker is in advanced talks to open a new North-East factory.

Sevcon aims to move into a larger site in Gateshead.

Bosses told The Northern Echo negotiations over the plant are being thrashed out, adding the switch has the potential to create and support scores of jobs.

## Drugs firm GlaxoSmithKline launches Barnard Castle apprenticeship drive

---

A drugs firm is launching an apprenticeship scheme to find workers for its next generation of medicines.

GlaxoSmithKline, which runs a factory in Barnard Castle, County Durham, wants school and college leavers for its three-year programme.

Officials say youngsters will have the opportunity to study towards a foundation degree in applied chemical science technology and have the potential to investigate and write protocols for equipment and run project meetings.

## Dairy firm milks success as growth plans

---

A milk delivery company has proved a hit in West Yorkshire with 9,000 customers signing up less than two years after launching its Huddersfield depot.

McQueens Dairies, which opened its premises in October 2014, has also created 30 jobs, with plans to increase the workforce over the coming months.

## Sheffield Forgemasters win US Navy defence contracts worth over \$30m

---

Sheffield Forgemasters has won export defence contracts worth more than \$30m.

The engineering specialist has secured orders for a sequence of castings for the US OHIO submarine replacement programme.

These new contracts will provide with a much needed boost Sheffield Forgemasters, which has been under economic pressure after the collapse of the offshore oil and gas market and in the wake of a global economic downturn.

The project has been granted full approval by the UK Government.

Dr Graham Honeyman, chief executive at Sheffield Forgemasters International Ltd, said: "These orders provide a boost for our Brightside Lane operations as we work towards our business turnaround plan.

## British Steel to recruit over 100 trainees across Teesside and Scunthorpe

---

Teesside is to play a key role in training the next generation of steel workers.

British Steel has announced it is recruiting more than 100 trainees – aged from 16 years upwards – in a variety of roles across the company's operations on Teesside and Scunthorpe.

They include 46 apprentices, 17 graduates and seven people enrolling on a degree apprenticeship scheme. They will be joined by scores of under graduates who will work on placement schemes with many of them likely to join British Steel full-time when they've completed their degrees.
