

# Employment Bulletin

## North East and Yorkshire Region Oct 2020

On behalf of the Career Transition Partnership (CTP), welcome to the North East and Yorkshire Regional Employment Bulletin, which will provide you with the latest jobs and business news from across the region and highlights a selection of the latest regional vacancies on our job site, [RightJob](#).

In addition to this bulletin, there are plenty of other resources available to assist you in your job search: the monthly [Focus e-newsletter](#) provides job-finding, resettlement and training news via email, our bespoke [Industry Sector Guides](#) are regularly updated with the latest industry news, and the [CTP website](#) is full of useful tips, advice and dedicated [employer microsites](#), where you will find information from a range of companies with ongoing opportunities for ex-military personnel.

**\*Please Note:** We make every effort to ensure that resources and information are accurate and up to date. However, as information is subject to change you are advised to check material facts and dates. ### Regional Overview

This region covers a huge geographical area covering several counties and large cities. Leeds is now the fastest growing city in the UK. The North East is no longer dominated by collieries, and pit heaps have been reclaimed and naturalised into landscapes to pave the way for companies such as Nissan, Arriva and Hitachi.

Each of these areas has its own varying set of employment factors which you need to consider when job searching. Therefore, it is beneficial for you to keep up to date with local business news and sign up with local job search websites to get relevant, up-to-date information to aid you in your search for employment.

## South Yorkshire Police Embark on the Largest Recruitment Drive in Living Memory

---

In the past few years, SYP has made great strides in our journey to becoming an outstanding organisation in all respects. We are one of the country's top performing forces and rated the most improved force, for the third consecutive year, in our latest HMICFRS inspection. Our trajectory is entirely positive, and we have ambitious plans for the future.

To support our resurgence, and provide the public with the service they desire, we need to attract the very best candidates to support our existing officers and staff. To do this, SYP is embarking on a significant recruitment drive – the largest we have seen in living memory.

We recently announced our intentions to recruit 220 additional officers over and above those officers retiring or leaving for other reasons. These intentions now sit alongside HM Government's recent pledge to fund the recruitment of an additional 20,000 officers across England and Wales.

Our force encompasses full spectrum policing and therefore offers a broader range of roles and fulfilment than might be available in some other forces.

The bottom line is this: if you are a person of the right calibre, with the right values and a strong sense of public duty, then we will be able to provide you with fantastic opportunities.
