

Employment Bulletin

North East and Yorkshire Region March 2021

On behalf of the Career Transition Partnership (CTP), welcome to the North East and Yorkshire Regional Employment Bulletin, which will provide you with the latest jobs and business news from across the region and highlights a selection of the latest regional vacancies on our job site, [RightJob](#).

In addition to this bulletin, there are plenty of other resources available to assist you in your job search: the monthly [Focus e-newsletter](#) provides job-finding, resettlement and training news via email, our bespoke [Industry Sector Guides](#) are regularly updated with the latest industry news, and the [CTP website](#) is full of useful tips, advice and dedicated [employer microsites](#), where you will find information from a range of companies with ongoing opportunities for ex-military personnel.

***Please Note:** We make every effort to ensure that resources and information are accurate and up to date. However, as information is subject to change you are advised to check material facts and dates. Regional Overview

This region covers a huge geographical area covering several counties and large cities. Leeds is now the fastest growing city in the UK. The North East is no longer dominated by collieries, and pit heaps have been reclaimed and naturalised into landscapes to pave the way for companies such as Nissan, Arriva and Hitachi.

Each of these areas has its own varying set of employment factors which you need to consider when job searching. Therefore, it is beneficial for you to keep up to date with local business news and sign up with local job search websites to get relevant, up-to-date information to aid you in your search for employment.

The Partner Career Support Programme

Did you know the CTP are now delivering career support for Partners and Spouses? The Partner Career Support Programme (PCSP), the MoD's pilot to help Partners understand and plan their own career path, is open to anyone whose partner has served for 4+ years and is still in service on 1st April 2021. Applications are open until 31st March 2021.

Find out more and apply here <https://www.ctp.org.uk/partner-programme>

Here's what one of our Partners had to say

The programme has been absolutely fantastic so far! The MyCareerPath platform is full of information, guidance and exercises to keep you engaged and on track with your progress to achieving career success. It is simple and easy to use but provides a wealth of different resources and has really helped boost my confidence after a career break.

The best part of the programme by far is having my own personal career mentor, Bridie, who has helped guide me through the programme content, listened to my thoughts and feelings and given me a clear, focused plan of next steps to help me achieve my end goal. The programme allows a great deal of flexibility so you really can get as much as you want out of it, at a time that works around your life, which is perfect for me!

The programme also offers a variety of webinars and virtual employer events which have been a fantastic way to find out more about 'military friendly' companies and what they have to offer. It has opened my eyes to employers that I may not have considered in the past, as well as other ways of working that will fit with my family life.

I cannot recommend the programme enough and am extremely grateful and pleased to be a part of it!
