

Employment Bulletin

North West and North Wales March 2021

On behalf of the Career Transition Partnership (CTP), welcome to the North West and North Wales Employment Bulletin, which will provide you with the latest jobs and business news from across the region and highlights a selection of the latest regional vacancies on our job site, **RightJob**.

In addition to this bulletin, there are plenty of other resources available to assist you in your job search: the monthly [Focus e-newsletter](#) provides job-finding, resettlement and training news via email, our bespoke [Industry Sector Guides](#) are regularly updated with the latest industry news, and the [CTP website](#) is full of useful tips, advice and dedicated [employer microsites](#), where you will find information from a range of companies with ongoing opportunities for ex-military personnel.

Please Note: We make every effort to ensure that resources, information and vacancies, are accurate and up to date. However, as information is subject to change you are advised to check material facts and dates. Any website links are used to provide further information and are not intended to signify that we endorse such websites and/or their content.

Regional Overview

This region covers a large geographical area including, Greater Manchester, Merseyside, Cumbria, Lancashire, Cheshire, North Wales and Isle of Man.

It boasts Manchester, one of the best cities in Europe to locate a business; Liverpool, one of Europe's fastest-growing economies and European Capital of Culture 2008; Cheshire, home to AstraZeneca's largest global R&D centre; Lancashire, a world leader in advanced manufacturing and engineering; and Cumbria, at the international cutting-edge of nuclear technology. Almost 50% of the entire output from North Wales is generated in Flintshire and Wrexham. Flintshire and Wrexham derive more of their economic output from production activities than any other location in the whole of the UK. The economies of the remainder of North Wales are smaller in output but each area has a number of important businesses. This includes ICT companies in Denbighshire; creative and healthcare businesses in Gwynedd; and marine engineering and food in Anglesey. Conwy is the area of the economy most reliant on the visitor economy but with a number of companies representing different sectors.

Each of these areas has its own varying set of employment factors which you need to take into account when job searching. Therefore, it is beneficial for you to keep up-to-date with local business news and sign up with local job search websites to get relevant, up-to-date information to aid you in your search for employment.

Veterans Gateway App

The Veterans' Gateway app helps veterans find support organisations in their area using their smartphone or tablet. These organisations cover both the Armed Forces sector and wider charity and not-for-profit sectors.

Based on your location, you can access the support you need with finances, housing, employment, relationship, physical and mental health, and more.

The directory, which is intuitive and easy to use, groups all NHS facilities across the country, and over 2,000 charitable organisations. You can either use the map tool to look for organisations in your area, or search by name, post code, or descriptive words (e.g. financial support). [Read more](#)

An Hour to Skill

'An Hour To Skill' is a new campaign from the Department of Education (DfE) which aims to boost the nation's skills and job prospects. Learning can have a really positive benefit to our mental wellbeing and this campaign aims to promote learning as a way of keeping the mind healthy and active which is very important at this time.

[The Skills Toolkit \(link is external\)](#) is an online platform giving access to more than 70 free, high-quality digital, numeracy and employability courses. By setting aside one hour a week for online learning, people can learn skills that employers are looking for, boost their job prospects and keep their mind active.
