

Gain an understanding of Agile and enhance your skills by learning how to manage projects in an agile context

Agile Project Management Foundation & Practitioner (APMG)

- ✓ A 5 day course delivered by QA Ltd expert tutors who will ensure you understand the principles of Agile and can put the training into practice in a commercial environment
- ✓ Gain a widely recognised APMG Agile Project Management Qualification and a knowledge of the vocabulary used in industry
- ✓ Be able to set up and manage a project in an agile context, ensuring it is delivered on time and within budget
- ✓ Learn how to present the benefits of Agile Project Management to staff and the Senior Management Team.

Who is the course for?

- ◆ Aspiring Project Managers, Business Analysts, IT Developers and Team Leads as well as anyone with responsibility for managing a project using agile methods.
- ◆ Attendees should have had some team leadership or project management experience and/or qualifications.

Programme Structure

This 5 day course covers the following topics:

Agile Project Management—Foundation

- ◆ What is Agile?
- ◆ Benefits of using Agile
- ◆ Preparing an Agile Project
- ◆ Benefits and process of the DSDM Framework
- ◆ Roles and Responsibilities within the project
- ◆ Key practices—prioritisation and timeboxing
- ◆ Planning and control throughout the lifecycle

Foundation Exam - Afternoon of Day 2

40 minute multiple choice paper

Agile Project Management—Practitioner

- ◆ Roles and Responsibilities - the project manager's view
- ◆ Agile Project Management through the Lifecycle
- ◆ The Effective Use of the Products
- ◆ Deliver on Time, Never compromise Quality
- ◆ People, Teams, and Interactions
- ◆ Requirements and Estimating - How and When
- ◆ Project Planning throughout the Lifecycle
- ◆ Risk Management

Practitioner Exam - Afternoon of Day 5

Up to 2.5 hours duration.

4 questions—written exam

What Study Support will I Receive?

- ◆ Agile Project Management Handbook
- ◆ Access to full tutor support during the course.
- ◆ Focussed exam preparation - throughout the course, delegates will be exposed to numerous examples of examination questions. Students will undertake a number of exercises and 'question-and-answer' sessions that will help to consolidate the learning, ensuring that they are very well prepared for the final examination.
