Attend this course to learn how to:

- ◆ Strengthen any organisation by understanding and using the core concepts of Lean Six Sigma
- ◆ Develop the critical skills required for participating in successful Lean Six Sigma projects to ISO13053 standards
- ◆ Reduce hidden waste and operational costs
- ◆ Identify efficiency and quality improvement opportunities

Who is the course for?

This course will be of benefit to any Service Leaver who has already embarked on or is planning a career that involves participating in or leading any kind of business improvement projects.

Programme Structure

This is an intensive 5 day course, which provides a balance between theoretical knowledge and the practical application of Lean Six Sigma tools and techniques. It also meets many of the standards in ISO13053.

The following core topics are covered within the 5 day course:

- ◆ Introduction to Project, Change and Risk Management
- ◆ Organisational Structures
- ◆ Roles and Responsibilities of the Green Belt
- ◆ Project Selection
- ◆ Developing a Project through the DMAIC phases: Define, Measure, Analyse, Improve and Control
- ◆ Business Risk Management
- ◆ Developing and Implementing Solutions
- ◆ Maintaining the Benefits
- ◆ Replication Opportunities
- ◆ Project Closure and Process Handover

Successful completion of this course will result in the following globally recognised qualifications being awarded:

- ◆ Lean Six Sigma Green Belt Foundation (accredited by Global Horizon Skills Linked to ISO13053)
- ◆ Level 5 ILM Certificate In Service Improvement
- ◆ ILM Unit Accreditation for:
 - ◆ Preparing to Apply Lean Production and Improvement Methodologies to Operational Problems
 - ◆ Applying Lean Production and Improvement Methodologies to Operational Problems in Service Delivery

Employment Opportunities

There are considerable worldwide employment opportunities for those who have knowledge and experience in Lean Six Sigma. Deployment of Lean Six Sigma methodology has increased significantly in recent years and is now utilised by numerous medium to large scale organisations in both the private and public sectors.

What support will I receive?

Global Horizon Skills will provide pre course information, recommended reading and all in course tuition. Course materials are mainly provided on a pen drive and include:

During the Course

- ◆ Case Study Materials
- ◆ Templates
- ◆ Exercises
- ◆ Solutions
- ◆ The book ('The Lean Six Sigma Pocket Tool Book') will be provided

Attendees will find it useful to bring a **laptop** with them on the course, although this is not essential

Further Study

Having successfully completed this course, Service Leavers may wish to consider the following management courses delivered by CTP:

- ◆ Management of Risk M_O_R
- ◆ APM Project management (PMQ)
- ◆ APMG Change Management
- ◆ Agile Project Management
