Programme Structure

This 5 day course covers the following topics:

Attendees will cover the 4 core concepts of M_O_R:

- ✓ **Principles of M_o_R**— these principles are essential for the development and maintenance of good risk management. They are intended to guide an organisation to develop its own approach to meet their specific needs
- ✓ **Approach to M_o_R**—The way an organisation implements the principles are described in their approach documents and support documentation, such as their risk management policy , process guide and response plans.
- ✓ **Processes of MoR**—The process covers 4 main steps : Identify, Assess, Plan and Implement
The above areas are looked at and assessed from 4 perspectives:
Strategic, Programme, Project and Operational levels
- ✓ **Embedding & Reviewing MoR**— this looks at the need to embed Risk management into the culture and the how this can be achieved through regular reviews and improvements.
