

Blended delivery of CILT Level 5 Professional Diploma in Logistics and Transport.

To provide learners with a flexible solution to attending training, from the 1st October 2022 this course will be delivered 50% in class and 50% by virtual classroom. The Trainer will therefore deliver Module 2 of this course using a webinar platform, to the same classroom group. You will be able to fully interact with the Trainer and the group, participate in group discussions and breakout rooms, view videos and boards, and have a very similar experience to that of classroom training.

Please note – With your Joining Instructions, you will receive a list of recommended reading which will help you get a head start with the commercial context of the course. This Level 5 Diploma is delivered in the same way as any other high level qualification and you will be required to carry out research after most lessons in order to build the frameworks for the assignments.

The tutor will provide guidance where requested on a one to one basis during the daily routine or research periods and also during the 2 week break between modules (by email).

In order to attend module 2, you will need access to a laptop or PC ideally at home, which has no firewall restrictions. Your laptop or desktop should have a microphone and speakers so that you can continue to interact with the tutor, as you would within the classroom environment.

Training will take place either via the 'Webex Training platform or Teams and system requirements can be found here:

Webex - <https://help.webex.com/en-us/nki3xrq/Webex-Meetings-Suite-System-Requirements>

Teams - <https://docs.microsoft.com/en-us/microsoftteams/hardware-requirements-for-the-teams-app>

Note: Most devices have built-in speakers, but you will get better audio quality while connected via VoIP if you use a headset

If you wish to make a booking, please call our **Course Booking and Information Centre** on **01252 954007** and CTP staff will be happy to assist you.

Course Joining Instructions will be sent to those who book, and you will also receive a CILT folder during module 1.
